**MEMBERSHIP
DIRECTORY**
2015

BUILDING ON OUR 125-YEAR TRADITION OF INNOVATION AND EXPERTISE

Foss is a full service maritime company focused on solving our customers' toughest marine transportation and logistical challenges – close to home and in some of the harshest environments in the world.

Foss has a company-wide commitment to safety and environmental stewardship, and a long history of technological innovation.

Our mission: to provide marine services without equal.

PRESIDENT'S MESSAGE

Dear Members and Friends:

We hope you are excited as we are about the new Seattle Propeller Club Directory! We hope the directory is a useful resource in facilitating the important business relationships that the Club sustains and in helping you to keep up with the goings-on of the maritime community. In addition to our monthly newsletter, monthly meetings, and special events, the Directory is just one more way that the Seattle Propeller Club delivers real value to our members and our industry.

As you review the Directory this year, we ask you to think about the ways in which we can strengthen the Club through membership outreach, engaging programs and high-impact events. If there's a sector of our membership that we should highlight, please bring that to our attention. In the meantime, we have many members that attend our luncheons regularly or participate in the Maritime Festival or the Steamship Dinner, but there are many more industry professionals who participate in our programs without also enjoying the benefits of Club membership. We are asking our members to reach out to these friends and encourage them to join the Propeller Club.

Finally, I would like to thank all of our Club members and friends for making the Club such a vital part of the Seattle maritime industry. We serve an important role as an advocate for the industry and as a charitable organization. The vitality and generosity of your support help the club to strengthen our partners the Sea Scouts, United Port Ministries and the Youth Maritime Training Association. We are looking forward to a great spring season of events kicking off with the Steamship Dinner on March 28th and right through to the Vigor Seattle Maritime Festival in May.

Charles Costanzo

President, Seattle Propeller Club

VIGOR SEATTLE MARITIME FESTIVAL

Vigor Seattle Maritime Festival Docks in Seattle May 5-9

Don't miss the boat at Seattle's largest maritime industry celebration! It's the Vigor Seattle Maritime Festival, sponsored by the Seattle Propeller Club and Port of Seattle, from May 5-9.

"More than 30 special events are planned as a part of this year's celebration to showcase the regional maritime industry and our Five Star Working Waterfront," said Charlie Costanzo, President of the Propeller Club.

Due to significant construction on the Seawall and Tunnel projects, all Vigor Seattle Maritime Festival Family Fun Day activities will shift to Lake Union Park on Saturday, May 9. Unfortunately, the shift will mean that the popular tugboat races will take a year's hiatus in 2015.

"We worked with the historic maritime organizations at Lake Union Park on Festival activities last year and the turnout and public response were terrific," Constanzo said. "We're confident that the spectacular WorkBoat Parade, free Lake Union tours, fun kids' activities, vessel tours and our other popular maritime activities will attract thousands to South Lake Union." Most of the events are free and all events are subject to change. For more information, visit www.SeattlePropellerClub.org.

May 5
17th Annual Maritime Career Day,
9 a.m. – 2 p.m.
Georgetown Campus of South Seattle Community College, 6737 Corson Avenue South

Harbor Island Training Center

GOLF TOURNAMENT

In its 68th year the Seattle Propeller Club Annual Golf Tournament has raised thousands of dollars for the club charities. It is a day full of golf, camaraderie and philanthropy. It is an opportunity for Propeller Club members and maritime professionals to take time out of their busy schedules and help raise funds for the Seattle Sea Scouts SSS Propeller and United Port Ministries. Join us Aug 18th 2015.

STEAMSHIP DINNER

Make your reservation today!

Saturday, March 28, 2015 at Seattle Marriott Waterfront
Silent Auction & Reception, Dinner & Dancing!

The evening's festivities begin at 6:00 p.m.
with dinner served at 8:00 p.m.

Each year the Seattle Propeller Club's Steamship Dinner brings together steamship operators, agents, terminal operators, shippers, suppliers, transportation and logistics companies and other industry professionals all along the West Coast to enjoy each other's company for an evening and to raise funds for the Sea Scouts, part of a nationwide Boy Scouts of America Venturing program, and for the operation and maintenance of their training vessel SSS Propeller.

This is a terrific opportunity to not only support the Sea Scouts by participating in the Silent Auction held during the reception, but also to entertain clients, network, catch up with friends and enjoy a fabulous dinner and wine followed by live music and dancing!

Reservations must be received with payment by March 20th. Group reservations will be seated together unless alternate arrangements are made. Seating priority is based on the date your reservation is received, so make your reservation today! Forget driving home and reserve a Bay view Guest room at the Seattle Marriott Waterfront for a special rate of \$189 per night. (Don't forget, the Pike Place Market is just a few steps away!) To take advantage make your room reservation online or call 206.443.5000.

Make sure your company is seen at the event by sponsoring the event! Be an Admiral sponsor for just \$2,500. Or choose to sponsor at the Captain or Commander levels. For question

about sponsoring
please contact
Becky Smart at
206.498.5383 or
becky@rlcook.com.

Don't forget about the silent auction! Your generous donations help support the Sea Scout's Spirit of Propeller. Need a hint? Spa packages are great! Sport tickets and wine baskets are ALWAYS welcome. Have fun and get creative! Return the Donation Form and let us know what you are donating. Questions about donating? Contact Cynthia Reed at 206.443.3830 or cynthia@marexps.com.

Our tugboats are red and white, but our environmental stewardship is as green as it gets.

Crowley has re-powered its tugs to Tier II compliance, uses cold ironing at the dock and takes advantage of intermediary lay-berths in ports to reduce fuel consumption and emissions. To ensure eco-friendly and safe transit for your vessels in Tacoma, Seattle, North Puget Sound and Prince William Sound/Valdez, Alaska, plus the California ports of San Diego, Los Angeles/Long Beach and the San Francisco Bay Area, call Crowley at 800-248-8632 or visit crowley.com/shipassist.

MARINE EXCHANGE OF PUGET SOUND

The Marine Exchange is a member-based, non-profit maritime organization providing the Puget Sound maritime community with information, communications and services that aid safe, secure, efficient and environmentally responsible maritime operations. The Marine Exchange gathers information from numerous sources about vessel projected arrivals and then monitors each vessel's movement activity through actual arrival, shifts and, ultimately, departure. With tracking capabilities made possible by shore-based collection of shipboard Automatic Identification System (AIS) data, the Exchange provides valuable information and services to its members to help ensure their efficient operations.

GUIDING YOUNG MARINERS FOR OVER 65 YEARS PROUDLY SPONSORED BY THE PROPELLER CLUB OF SEATTLE SINCE 1944

Our mission is to build character, responsibility and leadership skills in our youth members, while teaching boating and maritime industry skills in a hands-on environment. The crew and leaders of the Sea Scout Ship Propeller sincerely thank our sponsor, the Propeller Club of Seattle, for the generous support and encouragement over the years. Your contributions are making a difference in the lives and future of our youth. Our program is designed to teach a broad range of maritime skills to the youth, using the vessel YTB Propeller as a platform and tool. The crew learns all aspects of working on the ship, including handling the lines and working the deck, navigation and helmsmanship, engineering, proper maintenance, watch rotation, and even galley duties. As the crew learns maritime skills, they are also learning to be accountable and responsible leaders. Sea Scouting is a youth-run program. Our Scouts elect officers from their group of peers, who then take on the tasks of planning and leading the various activities we do. Favorite activities are weekend cruises, Long Cruise (14 - 21 days) trips on the Propeller, weekly meetings, work parties on the boat, and events with other Sea Scout ships such as regattas and leadership training weekends. Propeller members also participate in earning advancement ranks as specified in the Sea Scout Manual of the Boy Scouts of America. While the youth plan and manage their own activities, the volunteer adult staff offer teaching, guidance, encouragement, and discipline too. We also have volunteers who assist in making sure the vessel is in safe and proper working order, who serve as USCG Licensed captains for charters, and who help with administration.

Crew comments:

"I joined Sea Scouts because I like the ship -1950's era diesel tug -can't get much better than that" - Nathan

"I like Sea Scouts because I've learned to challenge myself to work independently. The youth-led program really helps our leadership skills to grow." - Tori

"I joined because I'm into maritime careers and I like boats. I was a Boy Scout, and was interested in new ways of doing Scouting too." - Spencer

"Sea Scouts is awesome. We do all sorts of fun stuff, like working and cruising on our boat and meeting new friends." - Cody

"Lots of 'toys' to play with - the engine room, deck equipment- and the training we need to know how to use them." - Talus

"I enjoy Sea Scouts because of the opportunities and experiences it offers. I have learned much more than I expected, and Sea Scouts has taught me to be a responsible leader. It has helped me in many ways, also including applications. I'm very glad I joined Sea Scouts, and think it should be carried on for generations to come." - Emily

"I like Sea Scouts because it helps me learn to be a crew member, and learn how to navigate and work on the bridge." - Trevor

Sea Scout Ship Propeller Guiding Young Mariners for over 65 years
Thanks you for your unwavering support
Skipper: Al Bruce, 253-939-6355
Committee Chair: Marc Warner

UNITED PORT OF MINISTRIES OF SEATTLE

Recently I had a sailor from Goa (India) describe winter on the Pacific Ocean as “so cold and wet, and the sky and the sea are blacker than black.” On this wintery day in Seattle, you and I might appreciate that sentiment, but we will be near enough to our families, to the warmth of our homes, and perhaps to a glowing fire, to render such a statement a bit academic. For this young man and the 1.3 million seafarers around the world away from home for up to a year at a time this description might convey both a physical assessment and an emotional one. At the United Port Ministries of Seattle, we strive to bring warmth and light into the lives of the lonely men and women whose hard work provides us with 90% of everything. Washington is a state whose wealth depends on commerce at our Ports. Raw materials, luxury items, components for planes, automobiles, clothing, and agricultural goods cross our docks in the care of the roughly 50,000 seafarers from 92 plus countries. A strong partnership between the Mission To Seafarers (Episcopal Church in Western Washington), the Apostleship of the Sea (The Catholic Archdiocese in Seattle), and the Lutheran NW Synod (ELCA) has welcomed these hearty sailors regardless of race, religion, or rank. Our center is open 7 days a week providing them with a home-away-from-home so they may relax, call home, shoot pool, watch soccer, or spend a few moments in quiet reflection in our chapel. More than 1,300 seafarers dropped in this year. We run a shuttle from the terminals to help merchant and cruise ship employees purchase much needed personal items, snacks, and gifts to take home. Some Seafarers do not have visas, and cannot leave their ships, so we take WIFI and phone cards on board so they might contact loved ones. More than 7,000 seafarers alone used our WIFI each of the past three years. Our ship visitors, Thomas Kuk and Paul Tan, made hundreds of ship visits in 2014. Every donation helps to pay for our ship visitors to provide pastoral services (in addition to providing transportation and communication) and our two part time staff who greet our visitors at the Seattle Seafarers Center, plan events, do our marketing and interact with the Faith community. We rent our building from the Port of Seattle and provide transportation with our 5 vans. And our ministry continues to grow: In 2010 we transported 4,000 seafarers, this year that total will exceed 12,000! All told, we touch thousands of lives each year with an extremely small budget. Donations from seafarers and contributions from the maritime industry provide important sources of funding with the balance coming from individual and congregational donations.

— Kenneth Hawkins, Executive Director
The Mission to Seafarers

The Youth Maritime Training Association (YMTA) Program, sponsored by Puget Sound Maritime (PSM) promotes and supports elementary, middle and high school programs as well as associated youth organizations in Washington State that provide maritime education, training and experiences for students. The goal is to ensure that interested students from K-12

have the knowledge, guidance and opportunity to pursue a career in the maritime world. With the support and guidance of PSM, students are given the resources and information needed to apply for entry level positions in the maritime industry or to enroll in post-secondary education to gain the knowledge and credentials for a career in maritime trades or marine sciences.
